

**Geray Yusifov**

*Co-founder/CEO*

Geray is a 10-year AdTech pro, taking regional branches of global marketing giants like Havas and McCANN to new heights, as well as creating new successful companies from scratch. His leadership allows us to step beyond the tech into creating a strong company that can hold its own against both current and future competition.

**Aliaksei Ivanou**

*Security/Lead developer*

If anyone can hack the most secure crypto wallet, it's Aliaksei, a Certified Ethical Hacker and Offensive Security Certified Professional with 10 years of experience. Since our project is centered around reating the most secure protocol, having Aliaksei working for us and not on the other side is a major advantage that we cherish.
